 [Shiva rama krishna reddy](#) |  [shivaram](#)

OBJECTIVE

Motivated Computer Science student with strong programming skills, expertise in Data Structures and Algorithms, and a passion for real-time data analysis. Proficient in Machine Learning with hands-on project experience, eager to apply skills and learn through an internship. .

EDUCATION

- **Geethanjali College of Engineering and Technology** Nov 2022 - present
Bachelor of Technology. CGPA:8.6
- **Sri Vidhya Junior College** Grade: 96.7%
2022

PROJECTS

- **Chat Bot for Food Stories** Aug 2024 - Nov 2024

- Developed a user-friendly food ordering chatbot enabling direct customer-chef communication, reducing wait times and enhancing efficiency.
- Implemented an instant order placement system, eliminating the need for a third person.
- Created a streamlined interface for seamless interactions, enhancing user experience.
- Developed backend integration for efficient order management and real-time updates.

Technologies Used: Python, HTML, CSS, Dialogflow

- **Cash It** FEB 2024

- Designed a user-friendly web application, **Cash It**, enabling users to exchange liquid cash for online amounts and vice versa.
- Implemented secure payment exchanges, ensuring user privacy and transaction security.
- Developed an efficient matching system to connect nearby users for seamless cash exchange.
- Integrated a robust database for managing transactions and user authentication.

Technologies Used: HTML, CSS, JSP, MySQL

- **Product and Return Sales Dashboard** FEB 2025

Product and Return Sales Dashboard Developed an interactive Power BI dashboard for Product and Return Sales analysis. Integrated data from multiple sources to track sales performance, revenue trends, and customer behavior. Designed dynamic visualizations and KPIs to enhance business decision-making

Tools Used: POWER BI

SKILLS

- **Programming Languages:** C | JAVA | PYTHON | JS
- **Web Technologies:** HTML | CSS | JSP | DJANGO
- **Visualization Tools:** Power BI | Tableau | MS Excel | Python
- **Database Systems:** MYSQL

CERTIFICATIONS

Certified [AWS Cloud Practitioner](#)

Certified Entry Level Python Programmer from Python Institute

Certified in Python Essentials-I from Cisco

Certified in Java Fundamentals from Oracle
